ADELEYE IFATUROTI

FULL STACK REACT DEVELOPER

EXPERIENCE

React Developer | BrainStation (Coding Bootcamp)

MAY - AUGUST 2022, LONDON, UK

- Creating React app, clearing the default components and data.
- Creating Functional and Class Components.
- Using lifecycle method componentDidMount, componenetDidUpdated, componentWIllUnmount to run functions when these conditions happened and conditional clauses in componentDidUpdate to prevent endless loops in class component.
- Passing props in components, using basic Hooks such as useState and useEffect to get data and set them replacing component lifecycle. For example, getting data from an API and then storing setState.
- Using useContext to set global settings such as the theme of a website to certain colours.

Senior Assistant | NHS

FEB 2017 - MAY 2022, LONDON, UK

- Streamlined the core administrative work processes, making them more efficient, then created workflow diagrams for the team this improved our team efficiency by 50%.
- Created custom Excel spreadsheets to improve the equality of workload among colleagues. Improving team morale and providing transparency.

2nd Line IT Support| Pan Ocean Oil

2011 - SEPT 2013, LAGOS, NIGERIA

- During a company-wide move when access points and racks were wrongly labelled. Suggested to the IT Manager we document the correct access points. This suggestion saved the company a week of downtime when the external vendors returned to correct the error.

PROJECTS

Web Developer || BrainStation
- eRed Book: Built an Electronic record-keeping application to replace red book used for new babies and parents.
  Technologies used: React, Axios, Express, MySQL, Knex Js, Node, RestAPI, Recharts, Sass and JWT.
- FixIT: A mobile application that connects users that want to restore, repair or refashion their furniture or clothes to professionals that can provide this service. Build by myself an a colleague in 24hours
- Trivia Game website: A website that retrieves questions from a server. Points are based on the difficulty of the questions answered correctly.
